MESSAGE FROM THE CHAIRMAN

**Congratulations to all the SEE graduates
on your excellent results!**

It is a matter of pleasure to announce that our institution runs +2 Education in the streams of Science and Management.

It is a well-known fact that our institution cultivates excellence in teaching and learning. We have developed magnificent infrastructure and well-equipped laboratories on par with many of the premiere institutions. In addition to this, we have a dedicated team of teachers, who are dynamic and experienced in their field. They leave no stone unturned to equip students with the right set of skills and values through curricular and co-curricular activities. The organized seminars, presentations and analysis, visits of top executives and experts help students to develop competitiveness adequate to meet their expectations.

I assure you that you will find us meeting all your expectations.

You are cordially welcomed to the SIDDHARTHA.

**Ram Lal Shrestha
Chairman**

MESSAGE FROM THE MANAGING DIRECTOR

We have crossed many ups and downs to reach up to this stage where we have made our presence felt in academic field. The credit goes to the management, teachers and non-teaching staff. It's their consistent and tireless effort that made it possible.

We are aware of the fact that we are nurturing the smart generation of the 21st century. We never compromise in creating congenial educational environment. We firmly believe that in addition to qualified faculty members, students need physical facilities with modern teaching aids. But at the same time we strive for sustaining the ethical and moral values.

Discipline, essence of **SIDDHARTHA**, is the key that has led us up to this stage. And we will maintain it.

**Baburam Khanal
Managing Director**

FROM THE PRINCIPAL'S DESK

Dear students, parents and guardians !

SIDDHARTHA is well known for its glorious history. Since its inception, it has been striving for quality education. It is the assiduous endeavor of the teachers, management and the guardians with their constructive suggestions that has raised the SIDDHARTHA to this height. On behalf of SIDDHARTHA family, I would like to extend my sincere gratitude to them and our well wishers as well.

We offer science and Management as choice to the SEE graduates. We are aware of the gravity of this level as it fabricates the career of the aspiring students. But at the same time, with globalization, life has become materialistic and mechanical; moral values have been overshadowed. Modern education with moral values is today's necessity. To meet it, high level of discipline is a must. And we are committed to it. We have prepared the moulds to forge them to the desired shape.

Finally, I assure you that we will leave no stone unturned to nurture our students. I cordially welcome you all. Join us to grow in wisdom.

Yam Bahadur Rana
Principal

About SIDDHARTHA

SIDDHARTHA ENGLISH BOARDING SECONDARY SCHOOL is an academic institution established by dedicated teaching professionals and educationists. The School runs classes from Nry to XII . The plus-two education aims at imparting value-based quality education in the stream of Science and Management and achieving excellence in the related field.

It has offered NEB programs (+2 Science and Management). The institution is committed to provide a vibrant learning environment, and help students shape their character and absorb certain value systems that are core to the cultural fabric of our country.

Vision & Mission

To develop a centre of academic excellence founded on value-based academic principles by integrating general education with professional skills and career-focused trainings.

04

05

FINAL RESULT

Finally the admission will be granted on the basis of SEE score, Entrance Test score and the Interview.

NB: The institution reserves the full right to accept or reject any application for admission without assigning any reason thereof .

WHY SIDDHARTHA FOR +2 EDUCATION ?

Eminent Faculty

We believe that the major strength of any academic institution is its faculty. We have dedicated faculty and highly experienced teaching professionals. The teachers at Siddhartha do not just want their students to memorize the facts and formulae they teach, but to understand concepts and apply those concepts in new situation. Students are taught the way to establish cross connection of knowledge and come up with their originality and unfold a full and total educated personality.

Teaching Methodology

The school applies the latest and proven teaching methodologies to achieve the desired objectives. A combination of lectures, group discussions, and problem solving exercises, guest lectures, practical works and field works are used as approaches to impart education.

Student Counselling

SIDDHARTHA gives equal importance to student counseling in order to motivate them toward their long-term goal and inspire them to study. Assistance from the parents is also entertained if required. The school also organizes career counselling program for students to pursue a brilliant career inside the country or abroad.

Medical and Engineering Entrance Preparation classes

Most of science students who join science stream aspire to study either Medicine (MBBS) or Engineering (BE) after the completion of their plus two education. To win scholarship in their chosen field, they have to face the cut-throat competition. Realizing this fact, the school conducts entrance preparation classes for interested students.

This program helps them get success in the competitive examinations.

Intensive Classes

Those students who are unable to meet the academic standards are placed on academic probation. They are provided with extra intensive classes before the final exam.

Attendance and Academic Progress

To obtain good results, students must take classes regularly and do their assignments with utmost sincerity. Therefore, students are expected to attend the classes regularly. There is provision for informing the guardian promptly if the student is absent or not punctual. Students must do classroom and home assignments sincerely and step on to academic progress. We keep the record of home assignment submission and their progress report.

Evaluation System

Evaluation of academic progress of the student is an essential part of teaching-learning activity. The school conducts unit tests, two terminal examinations and then pre-board examinations before their final Exams. Progress reports of the students are dispensed in the presence of parent/s or responsible guardians.

Attractive Scholarships

The school has various scholarship schemes for deserving students including the marginalized and underprivileged groups on the basis of the score obtained in the Entrance test and the marks obtained in the SEE.

SCHOLARSHIP SCHEMES

For Science stream:

Requisites	Entrance Score	Scholarship Scheme

Teacher's Child		25% waiver in tuition Fee
Genuinely needy *		50% waiver in tuition Fee

*As defined by the institution (marginalized and underprivileged group).

Note :

Scholarships on tuition fees are allocated up to first 3 months and may be changed according to the result of every terminal examination. It will be cancelled at any time if the students fail to maintain the rules and regulation of the school.

Disciplinary system

The school believes that quality education comes with discipline; we don't condone any violations of rules and regulations of the school. We have some norms and values which all students must observe strictly.

- Attendance of the students is a must for as a mandatory condition for final examination
- School uniform is a must
- Students must enter and leave the school within the scheduled time
- Students are not allowed to enter the school having odd hairstyle, with cell phones, video games, magazines, etc.
- Undue disturbance in class rooms will not be tolerated. If students are found involved in such activities, actions will be taken immediately
- Except for parents and guardians, no other persons are allowed to meet during the school hours
- Without convincing reasons, absentees during school days and examinations will be punished in some form.

Splendid Infrastructure of SIDDHARTHA

Siddhartha offers a host of opportunities for learning and a vast range of resources to assist students with their studies. Panoramic view and the serene environment, well-equipped class rooms and laboratories, spacious library, wi-fi internet access on campus foster a safe and inclusive environment, which inspires a lifelong love of learning.

Class rooms

Our classrooms are spacious, well-ventilated and equipped with the latest electrical devices and comfortable seating arrangements, ideally suited for high academic work.

Library

The school has a well-stocked library, having specialized books on different subjects, daily newspapers, popular magazines and journals. Our library is thoroughly up-to-date and fully computerized.

Chemistry Laboratory

The Chemistry lab is unique in itself. Students feel great sense of achievement while identifying the radicals, preparing gases and salts, and separating heterogeneous materials etc.

Computer Laboratory

We have a spacious and well-planned computer lab with the latest hi-tech configuration of hardware and software to support all the academic and administrative programs. All students are given access to the internet. They can search for new information using online public catalogues. The ultimate aim of the lab is to promote the cultivation of computing skills among students.

Biology Laboratory

Biology is the study of living organisms, even of microscopic size. Our Biology lab includes the most recent facilities, which are used by the concerned students. Sophisticated microscopes help students identify microorganisms. We give special preference to the slide preparations, identification of the specimens, dissections, tissue culture of animal and plant genetics etc.

Physics Laboratory

In Physics laboratory, students enjoy the well set-up lab and marvelous apparatus like Traveling Microscopes, Semiconductor Devices, Meter Bridges, Sonometers, Micrometers and many more. By handling such equipment, the research aptitude of the student gets sharpened.

EXCLUSIVE FACILITIES AT **SIDDHARTHA**

Extra-curricular activities

To develop the multi-dimensional personality of students, many literary programs are arranged in the school like essay and poetry competition, story writing and performances, elocution and debates etc. Besides these, there are programs like Quiz contest, Art competition, mock interviews, science exhibition to provide students with the true platform to express themselves.

Personality Development Programs

This program aims at motivating individuals to exhibit their potential by conducting social and cultural program, performances, seminars and mock interviews on general and technical topics. This program prepares students to face interview confidently. The school invites eminent achievers from different walks of life to the school to share their insights that help to augment the vision of students

Excursions and Industrial Visits

The school organizes educational excursions for students. Students from biology group are taken to such places where they can execute the job of herbarium collection, plant identification and specimen study. Other students are often taken to the field trips to get new information about their subjects.

Students of Management stream are taken to different business organizations to study about the organization structure, business strategies, latest technology, operating systems etc. Finally, they are asked to prepare the field report through group work.

Sports and Recreation

Sports activities not only help students maintain their physical health and well-being but also provide them with a chance to make friends and socialize.

Cafeteria

A comfortable cafeteria is available in the school. It is opened during school hours. This provides refreshments, snacks as well as hot meals. The food provided in the cafeteria is hygienic and reasonably priced. You can enjoy its pleasant surroundings.

Transportation

We are conscious of the fact that no student should find it difficult to come to the school. We have arranged for transport in such a way that no one feels inconvenience.

Residential Facilities

The school has well-furnished hostels for boys and girls. Their special features are spacious rooms, hygienic and nutritious food and homely environment. The hostels have basic facilities like laundry, recreation hall with TV, medical facilities for the first aid and minor ailments, etc.

Siddhartha From Student's Perspective

With a highly effective administration and a team of experienced teachers who are at all time ready to inspire the students and help them learn, SIDDHARTHA has been successful to position itself as the preeminent college within the very short period of its establishment. I really found it the right place for a learner who aspires to acquire knowledge literally. I am proud to be a SIDDHARTHIAN. I made a right choice to study in this institution that will lead me up to my goal. I strongly suggest the new faces to be a part of this well recognized institution.

Thank you

Anup Neupane
Science XI

Success is never ending, failure is never final. Quality education is must to attain success in life. The goodwill, excellent performance, friendly environment and innovative team of teachers made me select SIDDHARTHA to pursue my further study after SEE. In my opinion the most important thing that the students need is the proper guidance of the experienced and qualified teachers. Here, in SIDDHARTHA, I found all the teachers well experienced, friendly, cooperative and hardworking. I can say, with confidence, that this is the right place for those who are always in quest of success. I really feel proud to be SIDDHARTHIAN.

Mahesh Banjade
Science XII

Are you looking for a college for quality education that emphasizes on discipline and urges the students to be innovative? Then don't worry. SIDDHARTHA meets all the criteria that a student needs for his/her +2 Level Education. Choosing a right college can be a matter of perplexity. But in my case, without any dilemma, I decided to choose SIDDHARTHA ENGLISH BOARDING SECONDARY SCHOOL for my +2 Level Education. The school is located in a very peaceful area that is worth for a school. It is the golden platform for hardworking and creative students who aspire to be successful in future. Teachers of SIDDHARTHA are well experienced and yet they are down to the earth, friendly and cooperative. "Creative people always think differently." This perspective of SIDDHARTHA makes it special.

Sushmita Upadhyay
Science XII

As a student of Science faculty, I'm glad that I made a right choice to complete my +2 Level Education in SIDDHARTHA. It has been providing qualitative and fully practical based education in peaceful environment. I found all the teachers of SIDDHARTHA school well experienced, dynamic, hardworking and multi-talented who are always ready to guide the students. It provides all the amenities that make our learning enjoyable. Moreover, it gives importance to sports and other extracurricular activities. Surely SIDDHARTHA is the right place for the aspiring students to make their life brighter. Summing up, I would like to recommend all the SEE graduates to join SIDDHARTHA for +2 Level Education and secure goals.

Mahafouz Ahamad
Science XII

Siddhartha, the name itself gives the light of knowledge. This institute is a package full of knowledge, extracurricular activities, peaceful environment and friendly staffs. Students can flourish themselves in this institute. It has all the qualities and facilities that are needed for overall development of students. This institute never failed to surprise us with its extreme growth throughout these years. This is the place where every student can take their first steps to see their dreams coming true to their lives. Teachers, here are well experienced, friendly, motivating and always supporting. Siddhartha has always been my choice and I feel honoured to call myself as a Siddharthian.

Simon Shrestha
Management XI

To me, there was no any dilemma to choose SEBSS as my carrier decider. The quality education and peaceful environment at Siddhartha makes it unique from other institutions. Past two years have been golden years for me because the knowledge that I gained in this institution will obviously lead me to compete with the students of my faculty in my future. Not only studies, also manners and discipline that Siddharthians learn here always help them to excel. Counseling of teachers, friendly environment and positive view towards every student are all part of culture of the institution that I appreciate. Finally, I would like to thank all the teachers for their endeavor to teach us and as a senior, I suggest SEE graduates to choose the college that focuses on quality than on quantity. It is none other than SIDDHARTHA.
